Tumour, with a calcareous cyst.. 203
——— in the axilla, case of, 211, 253
——— in the neck, case of..... 30
Turner, Mr., on the improvement of the nipple shield 87

U

Urine, case of retention of..... 60
——— extravasation of 91, 311
Urethra, case of rupture of 126
Uterus, double, singular case of, 275
Uterine and urinary organs, disorders of..... 292

V

Variolous eruptions arrested by caustic..... 153
Vapour bath, Dr. Gibney on.... 234
Varix, aneurismal, case of..... 116
Veins, inflammation of 301
Vertebræ, dorsal, fractured 379, 380
Viper bites, cases of 243

W

Wrist, wound of the flexor tendons of 315

ERRATA.

VOL. VII.

At page 111, first column, in the note, for "fires" read *fire*.

—— 114, second column, under the heading "Reviews from the West," for "sanatary" read *sanitary*.

—— 137, second column, 25 lines from the top, for "fine" read *fierce*.

—— 193, for "sanatary" read *sanitary*.

—— 230, second column, 19 lines from the top, for "horreso" read *horresco*.

231, in a note, for "straw-thistle" read *star-thistle*.

VOL. VIII.

At the commencement of Dr. Spurzheim's lecture, page 33, the heading should be *Eventuality*, instead of "Number," as it stands at present.

Same page, second column, 10th line from the top, for "26" read 30.

At page 34, second column, a part of the lecture beginning with "I come to another organ," and ending "the eyes are not prominent," belongs to the section on "Artificial Language," page 36.

—— 35, second column, 13 lines from the bottom, for "melody is the combination of a great variety of tones," read *harmony is the combination, &c.* And in the next line, for "harmony means only an agreeable succession of tones," read *melody mean only, &c.*

—— 90, second column, in the note, for "savan" read *savant*.

—— 294, first column, 16 lines from the top, for "cohorns" read *Cochorn*.
